I love software development including all aspects of Design and Development. I am an Agile professional who enjoys working in small, self-managing teams to improve value to users.

Education
BA, ENGLISH, UNIVERSITY OF RICHMOND 1985.
MBA-pending, Marymount University.
Front End Web Development Bootcamp, Thinkful, Inc.
Full Stack Web Development Bootcamp, Thinkful, Inc.

Further Education
Coursera, 5 course specializations in the following:
Agile Development, UVA Darden School of Business
Digital Product Management, UVA Darden School of Business
UI/UX Design, California Institute of the Arts
User Research Experience and Design, University of Michigan
Other current training: Docker, Kubernetes and Progressive Web Apps

Experience
Software Engineer, Raft, LLC September 2019 to present.
Develop front-end progressive web applications in Vanilla JavaScript and React. Utilize Redux, Mobx and Context for state management and service workers for offline capability. Significant responsibilities as part of an Agile team that includes end-to-end development: user research, design, development, QA, usability testing and deployment.

Owner, Inspired Technology Coaching, Rockville, MD January 2017 to September 2019.
Provide personal technology assistance to small businesses, senior citizens and families. Services include developing print materials and online presence for businesses, implementing COTS.

Community Volunteer, October 1999 to Present.
Website/Social Media: As a Board of Directors member at our local pool, plan and market all social events. Includes creating images, maintaining website, all social media, online functions.
Video Development: Developed several special occasion videos for community activities.
Database Development: As a *Girl Scout troop leader* for two troops developed FileMaker database to manage participants, projects and events. Developed a database to run three school-wide talent shows.

Substitute Teacher Montgomery County Public Schools Nov. 2009 to Nov. 2015.

Owner, Seamless Systems, Inc. December 1997 to 1999.
Developed MS - Access applications. Worked on a consulting basis, primarily with Freddie Mac, on projects including report development against Oracle databases and website development.

Systems Analyst, Sallie Mae, Inc. September 1992 to May 1996.
